

Put Yourself on the Path to College Success!

- Workshops on applying for admission and financial aid
- Sessions in study skills and choosing a career
- Courses in College-Ready Math and in College-Ready Reading/Writing/Technology Applications
- Available to MSAD#27 residents at no cost thanks to grant funding!

“Now that I am in college, I really appreciate how valuable the CAP program was to me. If I had enrolled in college first, I would have had to take at least two “developmental” classes that don’t meet graduation requirements but would have cost me full tuition for each course. I am now on track to graduate ahead of schedule. I saved valuable time and money by enrolling in the College Access Program.”

—Max Bertrand

2015-2016 College Access Participant
Current UMFK Student
